Model Number	Capacity	Dimension	Weight (approx.)	Colour
HDTX110AK3AA	1TB	111 (L) x 80 (W) x 13.5 (H) mm	149 g	Black
HDTX120AK3AA	2TB			
HDTX140AK3CA	4TB	111 (L) x 80 (W) x 19.5 (H) mm	210 g	

¹One Gigabyte (GB) means one billion bytes and one Terabyte (TB) means one trillion bytes. Total available capacity will vary based on operating environment, and your results and storage capacity will vary accordingly. A computer operating system, however, reports storage capacity using powers of 2 for the definition of 1TB = 2⁴⁰ = 1 099 511 627 776 bytes and therefore shows less storage capacity.

²Compatibility may vary depending on user's hardware configuration and operating system. Please check device compatibility and connecting instructions by reviewing the applicable user manuals for such device. Compatibility is based on information currently available and is subject to change and subject to restrictions per hardware specifications.

³Number of games based on a 36GB average per game. The number of games will vary based on file size, formatting, other programs, and factors. Original discs may be required to verify ownership for games purchased and loaded from disc. Internet connection and original game owner's account may be required.
